“Pokémon Go”

Over the last week or so the members of the Borough of Hightstown Police Department have seen a noticeable increase in outdoor activity, from both Hightstown residents and visiting guests. With the recent release by Nintendo Company Limited, Pokémon Go, which is an app for mobile devices, it utilizes the GPS and camera features to allow players to see and virtually capture Pokémon creatures while walking around our community. The Borough of Hightstown Police Department would like to advise those, while enjoying and playing Pokémon Go to please:

- “Don’t Pokémon Go” and drive.
- Remember to obey traffic laws for your safety and those around you.
- Always look before crossing the street(s) and to cross in the appropriate areas.
- Tell people where you are going.
- Parents, limit places where kids can go.
- Be cognizant of other players using the app on their mobile devices.
- Respect your neighbors and/or business owners by not trespassing on private property.
- Stay alert; be aware of your surroundings, and use caution when entering into isolated or dark areas. Don’t make yourself a target.

The members of the Borough of Hightstown Police Department are committed to protecting the lives, property, and rights of all people. Stay Safe!
